VETERANS GATHER.

Encampment Opens at Toledo.

California Delegation Among the First to Arrive on the Scene.

Forty-second Convention to Be a Notable One in Many Ways.

Three Candidates in Race for Office of Commander-in-Chief.

TOLEDO (O.) Aug. 30.—A skirmish line of veterans entered Toledo today and surveyed the profusely decorated streets, noted the "Welcome G.A.R." on almost every house and building, scanned the programme of camp fires, parades, music and spectacles arranged for the Forty-second National Encampment of the Grand Army of the Republic, which begins tomorrow, and had no questions for the multifarious man with the "Ask me" badge. The forty-second encampment will, veterans declare, go down in history with a most illustrious chapter devoted to a committee which abandoned the traditional tents and domiciled the old soldiers under the real roofs and on real floors. It is stated that the appeal of Mayor Brand Whitlock and Chairman J. K. Hamilton that citizens throw open their homes to care for the honored veterans met with a general response.

Not only are the principal business streets elaborately decorated, but the residence districts have followed suit and family parties on their front porches tonight sat behind draperies of American flags and bunting. With the exception of the California delegation, which arrived at 4 o'clock on a special train this afternoon, arrivals today were mostly small parties from near-by towns coming in by trolley.

CALIFORNIANS DELAYED.

The California delegation arrived this evening several hours late, due to a freight wreck, which occurred ahead of them between Cheyenne and Rawlins. The delegation reached Chicago at 4 o'clock this morning, leaving that city at 1:40 o'clock p.m., arriving at Toledo shortly after 7 o'clock. Upon their arrival the delegation immediately proceeded to the Boody house, where headquarters will be opened in the morning. The delegation is headed by Commander Merrill. The California delegation will caucus the first thing in the morning and appoint a committee to transact such business as may come before the delegation during the encampment. It is the consensus of opinion among the California delegates that Henry Nevins of New Jersey will be elected as the next commander-in-chief.

Van Sant, former Governor of Minnesota, is putting up a strong fight and they will be close. The California delegation will stand united for Salt Lake City as the next meeting place. The boys all arrived here in good shape and all express themselves as highly pleased with the local reception accorded them. Prof. George Young of Santa Monica, Cal., Col. Green and Col. Royce, are among the California delegates.

Prof. Young, G.A.R. pension commissioner for the Pacific Coast, is prepared to urge the justice of increasing pensions for survivors of the Civil War who have suffered lifelong injuries from incarceration in Confederate prisons.

An unusually strong representation is expected from the south, particularly from Georgia, which is the home of the junior vice-commander-in-chief, William M. Scott.

CAMPAIGN OPENS.

The campaign for the office of commander-in-chief was in full swing tonight, three of the candidates, former Gov. Van Sant of Minnesota, Livingston T. Dickinson of Illinois and Col. Henry M. Nevins of New Jersey, being on the ground. Col. Nevins is counting on a solid vote from the east, because of the fact that the present commander-in-chief is a western man, Charles G. Burton of Missouri.

The official programme will begin tomorrow night with a public reception at Memorial Hall, and a spectacle, including maneuvers by the naval militia on the river. The features Tuesday will be a civic parade and the dedication of the Fort Meigs monument. On Wednesday, the big day of the encampment, the veterans will parade and on the following day officers for the following year will be elected. Friday and Saturday will be devoted to various forms of entertainment, in which the lake and river play a prominent part.

EDWARD FRANKLIN McELWAIN.

PHOENIX (Ariz.) Aug. 30.—Edward Franklin McElwain, an old resident of Phoenix, died yesterday and was buried today. He figured largely in the pioneer history of California, having been at the time intimately associated with John W. Sutter, James W. Wadsworth and other notable. He founded Carson City Appeal, and also a paper in Sacramento.

PRESIDENT DECLINES.

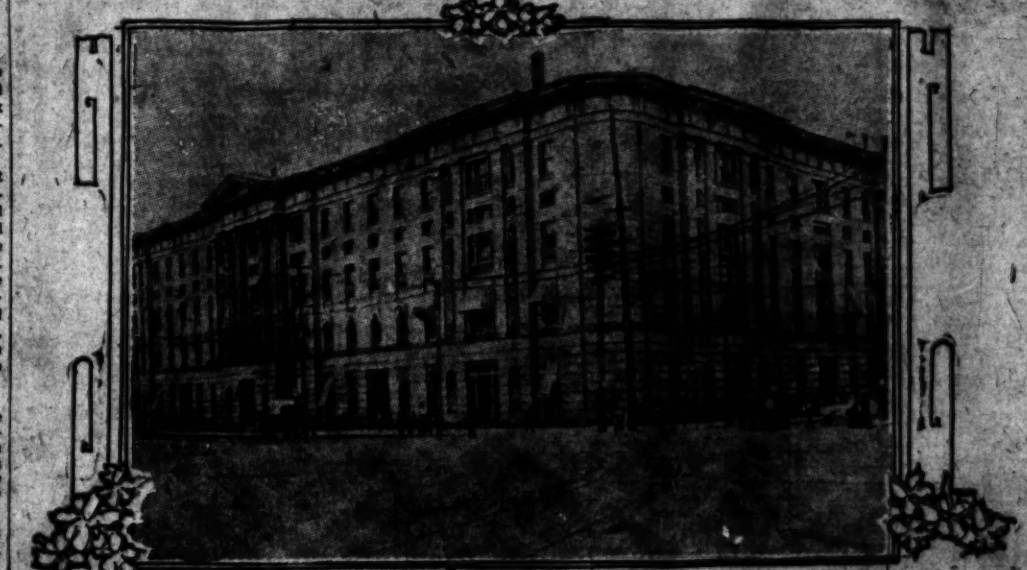

OSTER BAY, Aug. 30.—President Roosevelt has declined the invitation to attend the Trans-Pacific conference at San Francisco, beginning October 9th.

"THEY ALL DO IT."

Thomas W. Lawson Says the Biggest Houses in Wall Street Engage in Manipulative Business.

NEW YORK, Aug. 30.—[Exclusive Dispatch.] Thomas W. Lawson said today that he would obey the stock exchange committee's summons to appear Tuesday as a witness in the O. Brown investigation. "Wall street," he added, "need not worry about my answering its committee's call. There is one thing Wall street should do, and at once. Quit all this cheap talk about disciplining those engaged in the manipulative business. The best houses in Wall street have manipulated prices since the beginning of stock exchanges up to now, and every one knows it. One of the largest, most conservative and representative houses on Wall street gives out more manipulative business than any other and has done so for years. I have paid \$150,000 in manipulative commission in a single year on a single account, and this account was with William Rockefeller, and William Rockefeller is a degree or two squarer in his dealings, and a degree or two fairer in all of his business than Wall street almost, any big man there, or any big man who has been there."

KAISER'S WORDS SPELL PEACE.

ON Happy Speech, Wilhelm Tells the World Europe is in no Danger of War.

[ASSOCIATED PRESS NIGHT REPORT.] STRASBURG, Aug. 30.

At a banquet here this evening Emperor Wilhelm, in proposing a toast, said: "I rejoice to be able to express to you my deepest conviction that the peace of Europe is not in danger. It rests upon too solid a foundation to be easily upset by incitements and calumnies provoked by envious and ill-disposed individuals. "Firm security exists in the first place in the consciences of the princes and statesmen of Europe, who know and feel that they are responsible to God for the lives and property of the peoples entrusted to their leadership. On the other hand, it is the will and desire of the peoples themselves to make themselves useful by tranquilly pursuing the development of the magnificent achievements of a progressive civilization and to measure their strength in peaceful rivalry. "Finally, peace also is assured and guaranteed by our power on land and sea, by the German people in arms. Proud of the manly discipline and the love of honor of our armed forces, Germany is determined to keep them on their high level, without menace to others, and to develop them as her own interests demand, favoring none and injuring none."

[ASSOCIATED PRESS NIGHT REPORT.] OSTER BAY, Aug. 30.

Several sailors from the President's yacht Sybil, which is stationed here under Lieut. Roger Williams, for the President's use during his vacation, were refused admission to a dancing pavilion in the city Saturday night. The pavilion is attached to the Innside Inn, Oyster Bay's only seashore hotel, and is open to the public. Saturday night was one of the first nights the pavilion was open, it being a new place. The announcement of the opening had been advertised about the village by posters and every one was invited. There were a large number of persons dancing in the pavilion when the sailors from the Sybil, in uniform, appeared. They made an attempt to get on the floor, but were prevented from doing so by an attendant stationed at the pavilion entrance.

A Long argument followed, the sailors claiming that the uniform of the United States should not bar them from any place. The men of the President's yacht are all picked men, and no trouble has been experienced from them anywhere in the village this summer.

EARL OF ROSSE DIES.

LONDON, Aug. 30.—The Earl of Rosse died here today, aged 63 years. He had been a representative peer for Ireland since 1888, and chancellor of the University of Dublin since 1888.

AVOC OF FLAMES.

New Orleans Loses Over Million.

Fire Starts in Wholesale District and Burns for Hours.

Firemen Away at Picnic and Small Force Answers First Alarm.

Water Supply Fails and Liquor Casks Explode in Heat.

[BY DIRECT WIRE TO THE TIMES.] NEW ORLEANS (La.) Aug. 30.

[Exclusive Dispatch.] A fire which started in a wholesale glass warehouse on Iberville street this afternoon at 3 o'clock, gutted the square bounded by Iberville, Chartres, Decatur and Vieux Carre streets, and caused a total loss approximating a million dollars, with insurance of probably half that amount. Upwards of sixty large wholesale establishments were destroyed or damaged seriously. At the time the alarm was turned on, shortly before 3 o'clock, the New Orleans firemen were out in the city on their annual picnic at a suburban park and the engines and patrols responded with a mere handful of men. It was fully an hour before the department was in a position to make anything like a successful fight against the fire, and even then the handicap against them was added to by an inadequate supply of water.

The fire was one of the most spectacular that has occurred in New Orleans during the past year. Two warehouses filled with wine and liquor were among the buildings destroyed. Barrels of whisky and brandy exploded with thunderous roar which could be heard for miles around. The fire spread rapidly, and the flames were seen for miles around. The fire was one of the most spectacular that has occurred in New Orleans during the past year.

FOREST FIRE RAGING.

TWO BRIDGES BURN.

EUREKA (Cal.) Aug. 30.—A forest fire, covering many acres of timber land belonging to the Hammond Lumber Company, is raging between Trinidad and Essex tonight. Traffic on the Oregon & Eureka Railroad is delayed. Two bridges are burned out, and several more are in danger. A large crew of men is fighting the flames, which are spreading rapidly.

FOUR-STORY BUILDING BURNS.

ONE FIREMAN INJURED.

SAN FRANCISCO, Aug. 30.—A fire that raged for hours in a four-story building at No. 26 street today, did damage amounting to \$50,000, and for a time threatened the destruction of several neighboring structures. One fireman was slightly injured. The property is owned by the Louis Kausig estate and O. P. Downing & Co., dealers in drug supplies, who sustained a loss to their stock of about \$25,000. Crossed electric wires are held responsible for the blaze.

MONTANA TOWN BURNS.

THREE HOUSES LEFT.

MISSOULA (Mont.) Aug. 30.—Fire yesterday almost completely destroyed Darby, a town of about 1000 inhabitants, in the Bitter Root Valley. The town had no fire department, and the conflagration, which started in the Tanner Hotel, raged for four hours without interruption. The use of dynamite at last saved the three remaining buildings of Darby. The loss is estimated at \$50,000, with comparative loss of no insurance.

CIRCUS MAN ARRESTED.

EAST ST. LOUIS (Ill.) Aug. 30. [Exclusive Dispatch.] Some time into the troubles of a circus man is expected to develop when F. G. Hays, promoter and politician and owner of the Denver Daily Post and Salt Lake Tribune, answers in Justice Hays' court here tomorrow the charge Health Inspector A. A. O'Brien Mayor Cook's son-in-law, that the circus sanitary arrangements are not satisfactory. Bonilla was arrested Saturday on a charge, and taken to police headquarters in a patrol wagon, where he gave a statement and promised satisfactory testimony.

Los Angeles Engineer Tells
of Panama Canal.

Will Be Finished on Time
Says a Worker.

Battle With the "Skeeters"
Keeps Many Busy.

Harry T. Coffey, of the staff of electrical engineers on the Panama Canal, has returned to Los Angeles after an absence of two years. He is on furlough but will report at Colon in time for December installations of special electrical apparatus.

Coffey's activity in the department headed by A. L. Robinson, who is favorably known in Los Angeles by reason of his efficient electrical con-

but once broken disintegrating fast. Immense amounts of it are used for ballast on the Panama Railroad.

The big ditch is now beginning to be clearly visible to the eye. If the visitor takes a stand on an elevation he may see the canal growing from week to week. Its sides slanting in terraces like a series of giant stairways. The cut will be generally speaking, from 80 to 100 feet deep, with the bottom about forty-five feet over sea level.

"In the electrical department we will soon install three turbines, of 6000-horse-power capacity. This work will begin December 1 and the machinery is now under test, at the American manufacturing. As soon as the plant is in running order, the government will duplicate it. In general, the engineers take advantage of every electrical device to lighten labor. Searchlights, power arcs, drills, and a hundred special electrical appliances are in use at night or day, or both. Electrical engineers may well feel a just pride in their profession for the use of electricity on the canal is extraordinary in scope and importance. If marks a new commercial electrical era, one may say.

"The government has also taken every precaution to guard the health, and when they are sick provide a splendid sanatorium at Tabo, a lovely, delightful spot in the sea, where every service is at hand.

"The social side of life has been made as pleasant as possible. The M.C.A. deserves warmest praise for what it is doing in the zone.

"Have money? Well, rather. There is little use for money, down there. The men as a rule are of excellent families, of good education and social instincts. We meet, also, many high-class foreigners who add their cheering presence to the about work. In short, we are a polyglot family of many minds, but manage somehow to live in harmony.

"I enjoy my duties very much, and feel, as do most of the men, that it is a distinguished honor to be in my country's service, in work of international importance.

PRESIDENT INSPIRES.

"Oh, yes, it rained there nearly all the time President Roosevelt was there, but it was a cheering sight to see him flying from one section to the other, chatting with the men and asking hundreds of eager questions. The secret service men and the swarm of attaches that constantly attended him were certainly fagged out at the end of terrific daily marches made by the President, who usually returned to headquarters, his white uniform drenched by the heavy rains. The President is a wonderful inspiration to the workers at Panama, and under the stimulus of his leadership the canal is bound to be completed and opened to the world's commerce—and then the dream of navigators for 400 years will be solved and the secret of the Strait will become but another historical tradition."

Although he contracted malaria fever several times, once rather severely, Coffey has stood the hard exposure of the canal zone well. While in Los Angeles he will be a guest of his sister, Miss Annie B. Coffey, Sierra Madre, and of his brother, Dr. Titian Coffey, No. 1102 West Eighth street.

QUANTITY OF MATERIAL TAKEN OUT BY NEW FRENCH CUT TO MAY 1904 AS SHOWN BY FRENCH RECORDS.

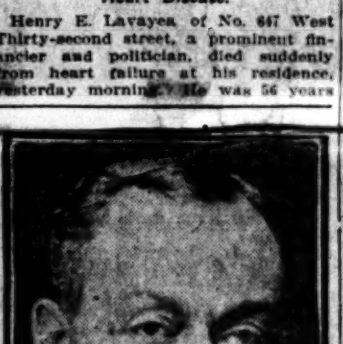

QUANTITY OF MATERIAL TAKEN OUT BY NEW FRENCH CUTS TO MAY 1904 AS SHOWN BY FRENCH RECORDS.

QUANTITY OF MATERIAL TAKEN OUT BY AMERICANS TO JUNE 1904 OF WHICH 10,000,000 CU. YDS. WAS TAKEN OUT THE LAST YEAR—AN AVERAGE OF 100,000,000 CU. YDS. PER MONTH.

QUANTITY OF MATERIAL TO BE TAKEN OUT AFTER JUNE 1904 TO COMPLETE THE CUT.

2,000,000 CU. YDS.

Diagram Showing Work Done at Culebra Cut by the French and the United States Engineers.

Cross Section Showing Progress of Excavation June 1, 1904.

Harry T. Coffey, Los Angeles Engineer on the Panama Canal, and government drawings illustrating the diggers' achievement on the sea-to-sea ditch.

struction work under Col. Epes Randolph some years ago.

"There is not the slightest doubt that the canal will be ready on time," said Coffey yesterday. "The amount of work already done by Americans is in many ways little short of marvelous. Our gross excavation is to an extent, frameable to advance made in recent years in the construction of excavating machinery, but in a larger measure it is due to the magnificent spirit of the corps that now prevails down there. There is no question that in earlier days many good men entertained doubts; but Mr. Roosevelt's powerful personality, together with the leadership of commanders like Chief Engineer Goethals, with his efficient staff, has wrought wonders.

"The labors of Col. Gorgas, president-elect of the American Medical Association, who is in charge of the sanitary regulations, also shines like a bright particular star. It is conceded that the canal will be as much a tribute to modern sanitation as to the wonders of mechanics, for without the sanitary department so carefully studied out by Col. Gorgas, it is beyond doubt that most of us would die of like flies—victims to the dread malaria fever.

"The average daily temperature there is 75 deg. In such a climate, the jungle grows with prodigious rapidity, and each pool of water becomes a germinal hole for myriads of mosquitoes. The deadly pest that bears the malarial parasite is the 'anopheles,' and it is the female of this species that carries the poison. The government employs thousands of negroes, under Col. Gorgas, whose duty it is to spread thick cylinder oil in the innumerable water holes. The strictest rules are maintained in this respect, and the amount of oil needed is so great that a line of tank-steamers are bringing it in by the tens of thousands of gallons. There is no question that it is the mosquito that really made the French lay their vast labors at Panama, by fighting it, the government shows great wisdom.

SIXTY SHOVELS DIGGING.

"We are at excavating with sixty giant steam shovels and a squadron of dredges. An idea of what has been done may be gained in a moment from the time of the completion of the canal. The outlook is that the last shovel of material will be removed within three years—and possibly a year before the huge triple-flight locks at Gatun has been completed.

"From an electrical standpoint every possible utilization of force is under way, and there is still a tremendous amount of work ahead for Engineer Robinson's staff. Our recent installation of power for lighting arcs and arc-tramways at a station covering a ten-mile district between Natachin and Pedro Miguel, where the heaviest excavation work is being done. The Empire Power Plant, as the station is

SOME POINTERS ABOUT CANAL.

The French were defeated by mosquitoes, according to Engineer Coffey, and Uncle Sam is fighting the same enemy night and day.

The big Culebra Cut is half excavated and its completion no longer a factor controlling the opening of the canal.

The canal is a triumph of electrical genius, every imaginable electrical device being in use there.

The Gatun Dam will back up a lake of 100 square miles.

Social and professional life in Panama is rather strenuous, but it's a good place to "save money" for you can't buy anything with your salary.

THIRTY-THREE THOUSAND MEN.

"There are fully 35,000 men now on the pay roll, and from what I hear this force will not be increased. There are 3,000 on a gold salary basis, and 3,000 on a silver basis. The laborers, paid in silver, average 20 cents an hour, for a nine-hour day, with 90 cents deducted for meals. Among the laborers, the Spaniards are regarded the most efficient. They are industrious and save their money, which is sent home in the form of money orders. The men from Jamaica and Martinique spend about all they earn for amusement and trinkets.

"There are about 400 men engaged in cutting down weeds and keeping the jungle under control, along the line. One of the successful methods is to uproot the weeds, then sow American grass seed.

"The largest work to be undertaken in the immediate future will be the construction of the famous Gatun dam. It will be something prodigious, three miles long and will back up a lake containing 100 square miles. The dam will be 135 feet high and half a mile thick. There is said to be one and a half year's steady work needed, for a large number of steam dredges, before the dam site is cleared.

"To regard to alleged discoveries of gold in what is called Gold Hill, \$10,000 was taken out, but the gold is too diffuse to be of much value.

"The rock taken from the Culebra Cut is a peculiar formation, very hard,

DYING, BLAMES BLACKSMITH.

Sanchez Accuses Villa of
Murdering Him.

Daughter Tells of Grudge
Against Father.

Surgeons Find Fracture of
Brain and Clots.

After having been brutally beaten near Commercial and Los Angeles streets Thursday night, Jose Sanchez, one of the oldest residents of Los Angeles, and very wealthy at one time, died at his home at No. 285 Andrews street yesterday morning. His last statement, made forty-eight hours before he lapsed into unconsciousness, fixes the blame for his death on a man named Dave Villa, for whom the police are searching. When arrested, a charge of murder will be placed against Villa, who has worked as a blacksmith in several of the shops in town.

Only one man, Trinidad Grijalva, with whom Sanchez lived, heard the accusation of the dying man. Grijalva repeated it to Mrs. E. E. Gutierrez, a daughter of Sanchez, who lives at No. 118 East Avenue 33. On hearing the name, she at once remembered Villa and declared he had long had a grudge against her father.

Sanchez told Grijalva he had gone

Jose Sanchez, pioneer resident of Los Angeles, who died yesterday as the result of a brutal assault.

into a store Thursday night on his way home to purchase groceries. Villa, he said, had followed him out on the sidewalk and there was an altercation. Then, according to Sanchez, Villa struck him in the back of the head, and kicked him many times.

Sanchez dragged himself home, soon became unconscious and death ensued three days later. He was 62 years old.

POST-MORTEM EXAMINATION.

A post-mortem examination of the body, last night, showed that the skull is fractured near the base of the brain. There are several blood clots on the brain and the whole body is severely bruised. The marks on the neck might have been caused by a blunt instrument or kicks.

The police knew nothing of the affair until yesterday morning, when the old man's death was reported to the coroner. Two detectives were then detailed to look for the man who had been made. It is supposed Villa has left the city.

The first news Mrs. Gutierrez received of her father's injury was from her brother, Frank Sanchez, who summoned her to their parent's home Friday morning. The son had found the old man unconscious on his bed, with his head bleeding, and he was unable to move. A physician was summoned but his efforts proved futile.

DAUGHTER TELLS REMORSE.

Mrs. Gutierrez feels remorse because the police were not sooner notified of the attack on her father. She said yesterday:

"When I found how terribly he had been hurt I was so overcome that for a time I did not know what I was doing. Then we made such a fight for his life that I forgot everything else."

"Now I am anxious to do everything in my power to help the detectives find the man who killed my father. I know he was murdered and I know it was Dave Villa who killed him. For many years that man has had a grudge against him and he was only waiting for a chance to attack him when he was alone."

"My father's mind was very active and he did not make a mistake when he made that accusation. He knew Villa well and was not deceived. We can easily fix the blame for my father's death."

There are two other daughters and four sons. They are Encarnacion Sanchez and Mrs. P. Benson of San Francisco, and David, Peter, Frank and Charles Sanchez of this city. The mother is dead.

ONCE OWNED FAMOUS RANCH.

Forty years ago Jose Sanchez owned what is now the Schlappapetra rancho in Ventura county and much land in the vicinity of Los Angeles. He was closely associated with the early history of Los Angeles and was fearless and upright.

The body is at the undertaking parlors of John R. Paul on Downey avenue, where, tomorrow morning, an inquest will be held.

TO SURRENDER TODAY.

Purport of Message Sent to Officer by Man Representing Himself as Carlson.

William H. Carlson, for whose arrest a warrant was issued Saturday, charging him with falsifying the records of the defunct Consolidated Bank of Los Angeles, is still eluding the officers. It was reported late yesterday afternoon

that Constable Guy Cochran, who has the warrant, received a mysterious telephone call from a man purporting to be Carlson. The man stated that he would surrender today, when he would be able to give bonds without the humiliation of spending several hours in jail. According to the man's message, Carlson had been informed on Saturday of the issuance of the warrant, and had eluded the officers in his quest for bondsmen.

Constable Cochran could not be found last night to verify the report, but it came from an authoritative source. It was stated by Cochran's family last night that he had been gone all day and night searching for Carlson.

CARELESS MOTORMAN.

Los Angeles-Pacific Car Collides With Stalled Auto, and Occupant Has Narrow Escape.

What by-standers claim was rank carelessness on the part of the motorman of inbound Los Angeles-Pacific car No. 223 resulted in an accident which might easily have been fatal yesterday afternoon at about 5:30 o'clock. The accident took place at the Los Angeles-Pacific crossing on Washington boulevard, and the sufferer is Mrs. B. Chandler of No. 1021 East First street.

Mrs. Chandler was driving a new

Jose Sanchez, pioneer resident of Los Angeles, who died yesterday as the result of a brutal assault.

Rambler automobile, which she had had but a short time. Just as the machine got on the electric car tracks the engine stopped and the owner was unable to go either forward or backward.

The approaching electric car whistled several times for a clear track. It is declared, and then ran into the automobile. Fortunately the car was not running rapidly, but the hood of the machine was demolished. Mrs. Chandler was severely shaken up, and missed serious injury by a narrow margin.

STRANGE.

FORGETS NAME AND ADDRESS.

MAN SUFFERING FROM SENSORY APHASIA PUZZLES POLICE.

Turned Over to Receiving Hospital Physicians, but at Last Remembers Who He Is and Is Allowed to Go Home—Wife Alarmed Over His Long Absence.

His mind so confused that he could not remember his name nor tell where he lived, Eugene Habst of No. 700 Clanton street wandered into the Police Station Saturday night, and was locked up until yesterday morning, when his memory returned. Physicians in the Receiving Hospital thought he had been afflicted with an acute form of sensory aphasia.

When, upon his arrival at the station, he was asked by the desk sergeant to give his name, Habst shook his head. He was booked as "John Doe" and then turned over to the doctors. In the Receiving Hospital he was only able to remember that he had left home to visit a physician.

One of the strangest things about Habst's condition was that he could recall incidents of several years ago. He told of having lived in Bedford, Ind.

Although his mind was out of order, his body was in excellent condition. He ate a good dinner, and chatted with the prisoners. He told them he had a wife, but could not recall even her first name. He went to bed without knowing his own identity.

Early yesterday morning Habst summoned Dr. Quint and said:

"Now I know who I am."

Then he said he left home at 6 o'clock Saturday night to pay a bill. He wondered what his wife would think of him and asked to be allowed to hurry home. While he was speaking, his wife appeared. She had been greatly worried and feared that he had met with some accident.

The Victor Dealers of Los Angeles

Our stock of machines and records is the largest in the West. Terms on any machine.

Solved

The great problem of Price Quality Durability

A beautiful high grade piano, strictly high class in every detail, elegant in design and finish, and possessed of a remarkable sweet, sympathetic tone, a piano which no priced or used-up piano can compare with.

On Easy Monthly Payments \$350

THE FAIRBANKS UPRIGHT PIANO for those to whom quality, style and merit appeal. Sole Western Agents.

Southern California Music Co.

222-224 SOUTH BROADWAY, LOS ANGELES, CAL.

Facts Worth Knowing

WHEN old Mother Earth produces better maple and spruce,
WHEN tropical countries grow finer veneer and gum trees,
WHEN human ingenuity invents a more responsive action,
WHEN Africa exports rarer tusks,
WHEN scale drawing science is developed to a higher degree than we now have it,
THEN a better piano than the FISCHER will be possible.

Using only the best materials and manufactured on an economical basis, supported by the grandest old name in American piano history, the FISCHER is a leading standard make that undersells them all. Founded in 1820. For sale here only.

AUTUMN!

The Staub Store Is Splendidly Ready.
Everybody feels confident that Autumn will bring a fast return of business prosperity.
Confidence is in the air.
New enterprises are being planned.
Men are returning to work.
The Staub Store shares this belief and backs up its faith with a Fall stock of exceptional excellence.

Broadway and Third will become, more than ever, the center of shoe fashions for the Southwest.
Staub's
Broadway, Cor. Third

7th and Hill Streets.

like like flies around a honey pot. Especially is this true in the close-in hill section toward the west. The property is built up with hotels, apartment and rooming-houses, particularly adapted to tourists, business people and single men. With scarcely an exception, these places are overrun with respectable women, who mix more or less with decent people. They come in frequent contact with innocent children, unsuspecting young women, and guileless boys, through the excuse of being "neighbors."
They are likely to be encountered where least expected, as the snake in the grass. Besides they are doubly dangerous when permitted to put on a semblance of decency by living in decent surroundings.
A family with little children and young men cannot expect to move in an apartment house without the possibility and probability of having one of these women for a next-door neighbor. Thus these people are a more serious menace to the morals and welfare of the city than before.
Property is depreciated wherever disorderly houses are located, but it is far better that a few suffer and the rest move, than the entire city be exposed and infected by this social plague.
Contagious diseases are quarantined, and so should prostitutes be quarantined. They are vastly more dangerous than smallpox. If these women were physical lepers instead of moral lepers, people would run to safety and uphold the police with loud complaints if the unfortunate, unhappy people were not bundled off in the wilderness. But these moral lepers, who are capable of being otherwise, but don't want to be, are housed, fed and live beside the hearthstones of law-abiding, happy families.
It is not reasonable to suppose that these creatures will commit suicide, evaporate or become virtuous by being driven from pillar to post.
Other cities do not turn such creatures loose broadcast—and it is only little towns and villages that have no public women.
When by themselves the associates of these outcasts are obliged to seek them. While if they are at large they roam about seeking whom they may devour, and thus many men are entrapped who otherwise would behave. The more respectable a man is the more rapacious are the appetites of these vampires.
Rome was not built in a day. The only way to exterminate these creatures is to teach the young generation to honor marriage, to love home, to respect virtuous women and noble men. Women must learn that on its virtuous wives and mothers depends the safety of the government.
Men must learn that they have not the right to demand from their wives cleaner lives than they themselves can offer.
Society must turn out an immoral man with as much dispatch and as little compassion as it now does immoral women.
Let there be another crusade for the morals of our city: a crusade to collect all disease-breeding, foul-smelling social garbage and dump it in a hole with the lid tight on, so that none who escape instead of allowing the reeking, filthy trash to stagnate in our beautiful metropolis, loathsome to the noses and lives of all who know—and all must know it now.
R. L. S.

LETTERS TO THE TIMES
The Times freely publishes the views of correspondents without soliciting or suggesting any opinion. He writes plainly, and is not in the least influenced by the fact that he is writing for the paper. Well-written letters are published, and are not merely a means of their length.
Sustaining the Social Garbage.
LOS ANGELES, Aug. 26.—[To the Editor of the Times:] I take the liberty of stating some facts regarding the recent edition of the "Red Light" by that action the inmates of the city have been held of their vice; on the contrary, they will live and flourish in a hole with the lid tight on, so that none who escape instead of allowing the reeking, filthy trash to stagnate in our beautiful metropolis, loathsome to the noses and lives of all who know—and all must know it now.
R. L. S.

25c TO 35c RIBBONS .. 20c Yard
Not many months until Christmas, with its attendant worries about gifts, will be here. Why not be forehanded and make up some of the pretty fancy things you're planning? Here are just the best sorts of ribbons, at reduced prices now:
Plain satin ribbons and 4 and 5-inch Dresden ribbons in dainty flowered designs; worth 25c, 30c, and 35c, now 20c

Skirts to Measure \$7.50
Just as good for your purpose as if they'd come in yesterday, are these handsome plain and novelty suitings from which we'll make up skirts to measure at a cost of only \$7.50. To us they're short lengths and broken lines, so out they must go, and quickly.
Many of the goods are worth, by the yard, more than we ask for the finished skirt; any of them are splendid values at the price. You may choose what you like, and we will make, without further charge, furnishing findings, etc., a gracefully tailored skirt, to your exact measure, \$7.50

Fall Wool Suitings
If you would know what is truly authentic in autumn suitings, glance at a thirty-foot Broadway window which we have devoted to the display of some of the newest arrivals.
Greens with self herringbone stripes are favorites; new popular shades are ottoman, pastel, royal, navy and light blue; cinnamon brown, tan with red or green shadow stripes, and the always-good black with white threads closely interwoven; these materials may be had at \$15.00 to \$45.00. Suits made to measure from these, or other wool goods, thirty-five dollars and higher.

Gas Consumers!
We have materially reduced the prices of our well-known **GLENWOOD GAS RANGES** Unsurpassed for economy of fuel and as bakers. Extra well built and easy of repair.
Be sure and examine some twenty different styles and sizes we show. Among them:
No. 4-14—Has four regular and one simmering burner, 14-inch oven and broiler. Connected \$16.65.
No. 10-16—Has four regular, one giant and one simmering burners, 16-inch oven, broiler. Connected \$20.25.
James. W. Hellman 161 No. Spring Street

EL CAMINO REAL WINES & OLIVE OIL
ANDERSON & CHANSLOR CO.—DISTRIBUTORS
428-430 SO. SPRING ST.

\$5 and \$6 Silk Petticoats \$3.75
No necessity for "getting along without" a silk petticoat now, for really high-class garments are radically reduced.
While these skirts are not guaranteed, they are made from "wear-well" silk, and will give splendid satisfaction; they may be had in black, navy, brown, red, cardinal, green and changeable effects; a size range to fit any woman who comes for them; good \$5.00 and \$6.00 values, now \$3.75

New Outing Flannels
These chilly nights suggest warmer night wear and forehanded women are already buying their fall supplies of outing flannel, to be made up leisurely.
Amoskeag Teazledown outing flannels in pink or blue stripes, plaids, flake effects and plain colors, just received; suitable for night dresses, pajamas, undershirts and like garments.

Men's Summer Underwear of every quality now decisively reduced, to make way for Fall goods now at the doors.

Charming Autumn Silks
In stripes and dots, self colors, in satin Majestic and chiffon taffeta effects; new colorings, of course. A number of these are displayed in one of our Broadway windows.
New corded velvets for fall gowns promise great popularity; all this season's smartest shades, 23 inches wide, yard \$1.00
36-inch rough silk suitings; the grades that we have sold all season for \$1.75, now, to close, yard \$1.00
24-inch fancy silk suitings, in rough effect; sold all season at \$1.50 and \$1.75 a yard, now, to close \$1.25
Black Silks in 35 and 36-inch Width Reduced:
35-inch taffetas, worth \$1.25 \$1.00 and \$1.20
36-inch taffetas, worth \$1.50 \$1.35 and \$1.45
Black Lining Taffetas for Drop Skirts and Linings—
28 inches wide, worth 75c and 85c, now 50c and 65c
30 inches wide, worth \$1.00, now, a yard 75c

TWO-DOLLAR LONG \$1 Pair SILK GLOVES
Righting of stocks puts worth-while savings in the way of many women who know that, no matter how little prices here may be, QUALITIES are invariably up to standard.
Kaysers and Niagars long silk gloves (18-button length) in black or white; double tipped fingers and best Milanese finish; the quality sold everywhere \$1.00
Former best quality \$2.50 long silk gloves, now \$1.50
Fifty cents reduction from the prices of all other gloves.

\$25.00 TO \$32.50 WOOL SUITS \$13.50
Practically all of these splendid suits are of exactly similar style to those that will be most worn this coming season. The coats are of proper length and style and the skirts follow the lines of newest fall garments, yet because these were bought late this spring we cut their prices.
Plenty of plain colors, for the woman whose taste is very conservative; novelty suitings and light weight materials for others who like more dressy styles; both plain and trimmed skirts; previously these suits have sold at \$25 to \$32.50, now select at \$13.50

WASH SKIRTS VALUES \$5 TO \$10 \$4.00
Women can get along without many of the newest fashions or any sort, but good wash skirts, especially in this climate, are practically indispensable. Over half, in some instances, to be saved on these:
Plain white, light blue Marcelline, russet brown, linen shades and brown and white or blue and white Tangleth stripes, in a wide range of sizes and lengths; sold all season at \$5 to \$10, now \$4.00

[illegible]

THIRD ONE.
SANTA MONICA.

Mitchell Carries His Bat for Eighty-one.

Hurditch, Justice and Huggins Master Bowling.

Los Angeles Fielding Very Indifferent.

Santa Monica gained a brilliant cricket victory over Los Angeles yesterday at Vineyard Station, by 5 wickets and 31 runs, in one of the matches for the Dudley trophy. Los Angeles won the cup last year, beating Santa Monica in 2nd innings. Santa Monica has won two out of five games this season, but from the fore displayed by the beach batsman yesterday, the Los Angeles players will have all they can do to win one of the remaining two games, which are to be played on the 9th and 10th of next month.

Santa Monica won the toss and put Los Angeles in to bat first, and thanks to the excellent batting of Hurditch who hit up 74 before being smartly caught out by Little, of Mitchell, and a carefully-played innings by Huggins, who is always to be relied upon for double figures, and 31 by Higgins in his usual dashing style, Los Angeles appeared to be in a safe position, but also came the last man, lost his wicket to Justice. This latter batsman is one of the finest leg hitters in Southern California, and the manner in which he put Justice and Mitchell away to square leg by clean and gritty strokes was not only pleasing, it makes his place on the next team a certainty.

The Los Angeles fielding was very indifferent. Justice was missed more than three times in the air, and once when he had made only runs, and there seemed to be hardly any snap to the game, which was in fact a very poor one. The Los Angeles team is

some remarkably good fielders. His game remained a long time for his runs. His forward play was not so good. In every one was pleased to see him carry out his bat, although his score was a small one. He did not take any wickets, but he had to have at last broken the strong bad luck, which has followed him persistently.

Wicket-keeper gave another exhibition of powerful hitting, scoring no less than thirteen runs, and at all times played the bowling very well. The batsman, Turner, who went in last with Heavens, was dismissed by brilliant catch by Walker at long. The Justice of the Peace, who was a first class batsman, was caught out by Hunt, who only 11 runs had been scored, this indeed looked black for Los Angeles. The Justice of the Peace was a man of a different complexion on the game, scoring 61 runs between them he

the fall for the third wicket. Mitchell made the winning hit with a square leg off Hardith. He played magnificently for his side and included a four for each of the three chances which Justice took early in his innings, this great batsman hit the bowling all over the ground and mastered it that his score of 100 was a record for the match. Walker made 5 and 6 respectively the score reading four wickets for runs. The greatest stand of the match, however, was made by Mitchell and Justice, 128 runs being added before the fall of the third wicket. Included in Hunt's score

six fours, and at no time was it
 difficult with the bowling. Rob-
 ertson, who was the champion, was
 missed, but Mitchell continued to
 out to the very end, and eventu-
 ally carried out his bat for 51, which
 included two sixes and twelve four-
 s. During the day, the umpires
 as umpires, while E. Cooper was
 official scorer. Following is the
 score and bowling analysis:

the banking institutions of the city. The local chapter is represented in all of the leading banks of the county and the officials of the institutions have readily lent their assistance in the carrying on of the work.

At the monthly meetings, papers read by prominent bankers and others, which confront the members are discussed. It is expected the establishment of permanent rooms will facilitate the work of the chapter greatly.

DRUIDS GATHER IN THE WOOD.

LOCAL GROVES HOLD PICNIC AT SCHUETZEN PARK.

Three Thousand People Enjoy Festivities—Baby Show and Athletic Contest Help Enliven Day's Amusement—Good Cheer for All and Only Approaching Darkness Stops Fun.

Three thousand people attended the picnic of the United Ancient Order of Druids at Schuetzen Park yesterday. The affair was the first of its kind in which all of the groves of this city have participated and it was an unqualified success.

No effort was made at following a regular programme. There were no speeches and all formality was dispensed with. A baby show, athletic events, and an open-air luncheon furnished entertainment for the day, however.

The picnic began at 9:30 in the morning and lasted until dark. At 11:30 o'clock a baby show was held in the casino. There were not many entries as had been expected, but what the jury list lacked in quantity it more than made up in quality and the judges found that their work was cut out for them.

There were prizes offered for the prettiest baby girl under 1 year, the prettiest baby girl under 1 year, the prettiest baby girl under 2 years, and the prettiest baby girl under 3 years. There were light-haired babies and dark-haired babies and some lovely examples of the latter.

Before they were able to reach a decision regarding the prizes in the various classes.

In the afternoon the sports were held. Every conceivable sort of contest was included on the programme and the competitors entered into the affair with a vim. Approaching darkness made it necessary to curtail the programme somewhat but there was no dearth of entries in those events which were held.

The picnic grounds were arranged like an old-fashioned country fair. Booths were erected where edibles were kept on sale and those who had neglected to carry their lunches with them found no difficulty in securing refreshments.

The picnic was participated in by the following groves and circles of Druids: Morton Grove No. 61, Mazzini Grove No. 78, Magnolia Grove No. 97, Orange Grove No. 125, Sylvan Grove No. 136, Gloria Grove No. 144 and Golden West Circle No. 51.

Arrangements were in charge of the following committees:

James Gospiolnietz, chairman; **A. C. Clark,** vice-chairman; **A. K. Bayer,** secretary; **Frank Garbarini,** treasurer; **E. S. Best,** Joseph Fibel, **Lytle Pendergast,** Adrian Davoust, **W. R. Marotta,** H. N. Welton, **Ralph Nostr,** G. G. Gieschen, **Felix Clavero,** John Young, **F. F. Smith,** **E. S. Best,** **L. Carbone,** **L. J. Pozzo,** **Christ Ruff,** **Charles Botsche,** **Henry N. Welton,** **Mrs. E. Clark,** **Mrs. H. B. Wilson** and **Mrs. E. M. Puleggar.**

Civil Service Did It.
Justice Scudder in the Supreme Court, Brooklyn, yesterday, decided adversely to Mrs. Maria Hatfield in her fight for reinstatement as a probation officer.

She had served for fifteen years in the Police Department in Brooklyn when she was removed two years ago, after the post had been put under civil service rules and she had secured a satisfactory competitive examination. She then applied for a writ of mandamus to compel the Board of City Magistrates to reinstate her, and has since been serving without pay.

[New York Sun.]

BREVITIES.

To Let—Handsomely fitted office and exhibit space or desk room, also basement, in premises occupied by new branch office of The Times at 531 S. Spring st.; splendid location; suitable for California products display and well adapted for headquarters of excursion, steamship or railroad enterprises, as well as mining exhibits. Established information bureau now conducted in connection with the building and rental cost, apply on premises, or to Manager's office in this building.

Times Branch Office, 531-533 South Spring st. Advertisements and subscriptions left at the new Spring-street office of The Times will receive as careful attention as at the main office. Competent clerks in attendance.

The La Marque Directorate corset now being demonstrated at La Marque Corset Parlor, 414 S. Broadway, 2nd floor; take elevator.

Drs. Hayden, osteopaths, 516 Auditorium Bldg., residence, Hotel Chickawak.

Men's 40 to 50 cent Leather shoes, 34. On sale, Cunningham, 531 S. Broadway.

Furs remodeled, D. Bonoff, 324 S. Bdy.

BIRTHS, DEATHS, MARRIAGES, DIVORCE.

Births.
VANDERGRIFT. Sunday, August 20, to the wife of Jacob Jay Vandergrift, a daughter.

Deaths.
ROSE. At the residence of her daughter, Mrs. F. B. Bush, No. 331 S. Grand ave., August 19, 1908. Burial at Forest Lawn cemetery. The late Rev. A. C. Rose of Troy, N. Y., Conference, and sister of Mrs. Rev. T. J. Rose, died at the residence, Tuesday, September 1, 1908, at 2 o'clock p.m. Mrs. T. J. papers please copy.

FURBER. Los Angeles, August 20, 1908, Lee Furber, aged 23 years, at Remo at Forest Lawn cemetery. Burial at Forest Lawn cemetery.

LAVAYE. Los Angeles, Cal., August 20, 1908, Henry Lee Lavaye, aged 52 years, at the residence of his wife, Mrs. Lavaye, 441 W. 23rd street, Tuesday afternoon at 1 o'clock. Friends invited.

DIX. Died at 4:30 a.m. August 21, 1908, of heart failure, J. A. Dix, native of Michigan, aged 52 years, at Soldiers' Home, Monday a.m. August 21.

That

Inquisitive neighbor of mine has again been firing questions at me on the early morning car. He now wants to know the difference between "propensity" and "proclivity." I said, "Oh, fudge, forget it!" and he retorted without a moment's pause: "If you mean Christopher's fudge, I can't forget it." The fudge of good fudge certainly clings to your memory. You do not need any "propensity" to like the Christopher fudge. It's great. And so are the many delicious candies that are sold at the Christopher candy counters, either store. You're acquainted at Christopher's, aren't you?
